

THE 4 TYPES OF LEARNING IN THE WORKPLACE

Here are some of the most common types of learning strategies and how they can contribute to the diversity in the workplace ...

SPEECH AND VISUAL-BASED LEARNING

The detailed workers who learn through visuals and verbal discussions

VISUAL AND INDEPENDENT LEARNING

Quick learners who work best on their own

AUDITORY AND VERBAL LEARNING

Professionals who works and learn the easiest through talking and holding meetings

HANDS-ON LEARNING

Workers who learn best by doing the job itself

ENCOURAGING HOLISTIC LEARNING IN THE WORKPLACE

A company that appreciates, respects, and empowers their employees will always win at creating a diverse and positive environment that all companies would want to replicate in theirs.
